DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLWO300000.L14300000.xx0000]

Notice of Amended Proposed Withdrawal; Partial Termination of Segregative Effect; Arizona, California, Colorado, Nevada, New Mexico, and Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Assistant Secretary of the Interior for Policy, Management and Budget has approved an amendment to a previously filed application to withdraw public lands in Arizona, California, Colorado, Nevada, New Mexico, and Utah from settlement, sale, location, and entry under the public land laws, including the United States mining laws, on behalf of the Bureau of Land Management (BLM), to protect and preserve Solar Energy Zones (SEZ) for future solar energy development. This Notice amends the prior proposal notice of which was published in the Federal Register on April 21, 2011 (76 FR 22414), to increase the proposed withdrawal term from 5 to 20 years, decrease the acreage proposed for withdrawal, and provide revised legal descriptions for the 17 remaining SEZs presented in the Final Programmatic Environmental Impact Statement for Solar Energy Development in Six Southwestern States (Programmatic EIS). This Notice also terminates the segregative effect as to lands no longer included in the application. The purpose of the proposed withdrawal has also changed so that the lands would now be protected for future solar energy development.

DATES: Comments must be received by [insert date 90 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: Written comments should be sent to the BLM Director, 1849 C Street NW (WO-350), Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Ray Brady, BLM, by telephone at 202-912-7312, or by email at rbrady@blm.gov; or one of the BLM state offices listed below.

SUPPLEMENTARY INFORMATION: The applicant is the BLM at the address above, and its amended application requests the Assistant Secretary of the Interior for Policy, Management and Budget to withdraw, subject to valid existing rights, approximately 303,900 acres of public lands located in the States of Arizona, California, Colorado, Nevada, New Mexico, and Utah from settlement, sale, location, and entry under the public land laws, including the United States mining laws, but not the mineral leasing, geothermal leasing, or the mineral material laws. The total areas described aggregate approximately 303,900 acres of public lands in the following counties: La Paz and Maricopa, Arizona; Imperial and Riverside, California; Conejos, Saguache, and Alamosa, Colorado; Nye, Lincoln, Clark, and Esmeralda, Nevada; Dona Ana, New Mexico; Iron and Beaver, Utah.

The Assistant Secretary of the Interior for Policy, Management and Budget has approved the BLM's proposed amendment. Therefore, this document constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1-3(e)).

The purpose of the proposed amendment is to protect and preserve 17 proposed SEZs for a 20-year period for future solar energy development.

The use of a right-of-way, interagency or cooperative agreement, or surface management by the BLM under 43 CFR 3715 or 43 CFR 3809 regulations will not adequately constrain nondiscretionary uses, which could result in loss of adequate protection and preservation of the subject lands for future solar energy development. There are no suitable alternative sites for the withdrawal.

No water rights would be needed to fulfill the purpose of the requested withdrawal.

Records relating to the amended application may be examined by contacting Shannon C. Stewart at the above address or by calling 202-912-7219.

The amended application for the proposed withdrawal will be processed in accordance with the regulations set forth in 43 CFR part 2300.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the amended proposed withdrawal may present their views in writing to the BLM Director at the address noted above.

All comments received will be considered before any final action is taken on the proposed withdrawal.

The lands described in this notice are segregated until June 29, 2013, pursuant to 43 CFR 2091.3-1(e) and 43 CFR 2804.25(e) (76 FR 38416 (2011)) and the Federal Register notice published on June 30, 2011 (76 FR 38416). The remaining lands described in the April 21, 2011, Notice of Amended Proposed Withdrawal, as published in the Federal Register (76 FR 22414), are no longer applicable to the purpose for which the withdrawal was proposed and are hereby cancelled from the application. The lands cancelled from the application include about 373,852 acres in 7 areas and also near the remaining SEZs. Pursuant to 43 CFR 2091.3-1(e) and 43 CFR 2804.25(e), the segregative effect established by the Federal Register notice published on June 30, 2011 (76 FR 38416) is hereby terminated as to those remaining lands.

Comments including names and street addresses of respondents will be available for public review at the BLM Washington Office at the address noted above, during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment -- including your personal identifying information -- may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
